# Brainstorm tidea prioritization

Use this template in your own brainstorming sessions so your team can unleash their imagination and start shaping concepts even if you're not sitting in the same room.

10 minutes to prepare 1 hour to collaborate

2-8 people recommended

# Team gathering Define who should participate in the session and send an Set the goal Think about the problem you'll be focusing on solving in

## Define your problem statement

What problem are you trying to solve? Frame your problem as a How Might We statement. This will be the focus of your brainstorm.

⊕ 5 minutes

How might we [your problem statement]?

Key rules of brainstorming To run an smooth and productive session

Defer judgment.

Listen to others.

Go for volume. If possible, be visual.

Encourage wild ideas.

Naturally occuring events that cause problems to environment.

To reduce the effects, a webpage is designed.

Natural Detect and classify the type of disaster with high

Disasters like earthquake,flood, Wildfire are classfiy using this model.

Brainstorm

Write down any ideas that come to mind

that address your problem statement.
